Foreword

We, the second graduating class of Cocalico Union High School, would like to take this opportunity to say farewell. We cannot foresee the future, but we know that the things we have learned will serve as a sturdy foundation to guide us through the years ahead. To those who have given their time to help us in character building as well as scholastic attainment, we are grateful.

As a new era of education is coming about, and the outdated one-room school house is beginning to fade from view, we look upon our new, modern school as a step into the future.

How do you think men from outer space would look at our school?

Let's try to imagine that our school has been invaded by many spacemen. As we go on an imaginary tour of the school with them, we see that they are sending messages back to their planet.

Dedication

We, the class of 1957, are honored to dedicate this publication of the Ko-Ka-Le-Ko to Mr. Harold Wentzel.

As advisor to the Student Council and mathematics teacher, Mr. Wentzel has been active in helping the school.

It is impossible to enumerate the many services which he has rendered in his years of teaching in the Cocalico Union School District.

As a token of appreciation we are happy to dedicate this publication to Mr. Wentzel.

Messages

To the Class of '57:

In the not too distant past only about 10% of the pupils of high school age were enrolled in the high schools of the country. Today approximately 80% enter high school, but seldom do more than 45% remain to be graduated. The goals of secondary education should be set at a level high enough to meet the needs of all groups of students, whether they be for college preparation, for entry into business and industry, for the mentally retarded, the physically handicapped or for the gifted students. We are meeting the first two of these goals in a satisfactory manner and it is most encouraging to note that much progress is being made at the local, state and national levels to meet the latter needs in the not too distant future. When this is a reality, we shall then have approached close to the basic philosophy that education should be preparation for life and citizenship for everyone at all levels of intelligence.

John P. Krick
Supervising Principal

For the hard work you have done here, for efforts expended, for goals achieved, you of the graduating class of 1957 are to be commended.

We all have faith and hope that life will be better, fuller and more abundant for all mankind. Your reward and satisfaction in life will depend upon your application of the goals which you have achieved in the Public School of Cocalico Union.

My heartiest congratulations to you, and every good wish for your success and happiness.

Carl Musselman, President
Cocalico Union School Board

Authority

Paul S. Leshar *Chairman*
Alger S. Shirk *Vice-President*
Richard B. Heisey *Secretary*
George C. Bollman *Treasurer*
Robert L. Hershey *Assistant
Secretary and Treasurer*

Board of Directors

ROW 1: Raymond Stayer, Warren Althouse, Carl Musselman. *ROW 2:* Richard Oberholtzer, Charles Gockley, Wilbur Glass, Harry Showalter, Warren Leininger.

These are the men whose duty it is to formulate our school policies, plan for the future needs of the school district and see that the schools run efficiently. They try to keep the teachers, parents, and students happy, and at the same time, meet state qualifications for the schools.

The seven men that compose the school board have as their *President*, Carl Musselman; *Vice-President*, Raymond Stayer; *Secretary*, Pat Althouse; and *Treasurer*, Harry Showalter. This organization meets the first Monday of every month.

Assistant Administrators

To The Class of '57

Graduation from High School is one of the most important steps in your lives. The diploma you will receive is written evidence of certain required work satisfactorily completed.

This diploma serves as a gateway to innumerable opportunities and walks of life. Choosing the direction you wish to take is often a difficult task. However, in all walks of life certain factors and principles may be gainfully considered and applied.

In this world of rapid change most important of these, I believe, is to learn to get along with our fellowmen.

At no time in history has this factor been more important. All the advances made by modern society can be of no avail, if consideration for the welfare of all people fails to be the predominant factor.

With this thought in mind, I wish you all a happy, useful life in the years that follow.

Ralph F. Lutz
Administrative Assistant

To The Class of '57

Many written documents have played significant roles in shaping the course of history. In England, the Magna Carta is pre-dominant; in the United States, the Bill of Rights takes precedence.

The document you are eligible to receive from the Cocalico Union School District will never be as significant as the aforementioned documents, but, to you, the achievement and distinction of having received a high school diploma should be paramount.

This document stands as a symbol of your having received the tools of knowledge necessary for life. It further stands as a symbol of democracy in that you have been entitled to an education which has given you the tools with which to think, not the thoughts you are forced to accept.

Your major obligation, in accepting this document is to make use of these tools in a way that your children will still have the opportunity of becoming a high school graduate.

Donald F. Peters
Administrative Assistant

To The Class of '57

You, the class of 1957, have chosen as your motto—"Knowledge Is the Key to Success." As a member of the administrative staff of Cocalico Union High School, I feel sure that all personnel of this school have contributed to their utmost in providing the experiences, associations, and educational aids necessary to the filling of your key ring with an abundance of "knowledge keys," which will assure your ultimate success.

To the graduating class of 1957, I extend my sincere congratulations for a job well done and extend my best wishes for success in all future endeavors.

Senior Class History

In September, 1953, we entered East Cocalico High School as freshmen. Activities for the year began with the election of class officers. They were Michael Weinhold, *president*; Joyce Kopp, *vice-president*; Phyllis Rutt, *secretary*; Ray Sweigart, *treasurer*. There were forty-one students in room 1 with Mr. Wentzel as *advisor*.

Meanwhile, some of us entered Denver High School. The activities also began with election of class officers. They were Barry Emes, *president*; Frank Zuercher, *vice-president*; Nancy Fahrenbach, *secretary*; and Robert Heffley, *treasurer*. There were fifty-nine students with Mr. Bucks and Miss Daily as homeroom teachers. The only money making project for the year was a hayride.

After a summer of fun, thirty-seven of us returned to school as sophomores. This year in Denver our advisor was Mr. Stewart. Our class officers were Barry Emes, *president*; Madelyn Henly, *vice-president*; Lorna White, *secretary*; and Robert Heffley, *treasurer*. Bake sales, a roller skating party, and a St. Patrick's Dance kept our treasurer busy counting all the money which we made. We had a Christmas party and celebrated Lincoln's Birthday by presenting a play in assembly.

This year at East Cocalico, the Sophomore Class returned to room 1, the same homeroom the class

used as freshmen. Elected to serve for the year were Michael Weinhold, *president*; Jonathan Haws, *vice-president*; Phyllis Rutt, *secretary*; Ray Sweigart, *treasurer*; and Miss Beck, *advisor*. Highlights of the year for our class of thirty-four were a roller skating party and the receiving of our black and white jackets.

When we returned in 1955 to school we joined our classmates in a new school building. Our class consisted of seventy-five members. Our homerooms were 213 and 214 and our homeroom teachers were Miss Neidhart and Mr. Drumm. Our class officers were Michael Weinhold, *president*; Kenneth Hirneisen, *vice-president*; Lorna White, *secretary*; and Madelyn Henly, *treasurer*. We were proud to receive and show off our beautiful class rings. Bake sales and roller skating parties helped to raise money for our "Moonlight and Roses" Prom.

When we returned to school for our senior year we elected Joe Nissly, *president*; Fred Glass, *vice-president*; Lorna White, *secretary*; Madelyn Henly, *treasurer*; and Mrs. Lied as our *advisor*. There were sixty-nine of us left to go through this year together. Selling food at sports events, roller skating parties, dances, and bake sales helped us get the needed money for the annual trip to Washington.

Senior Class Play

"Swing Fever"

The Senior Class presented its class play on March 15 and 16, 1957. It was a three act comedy entitled "Swing Fever."

The story of the play was similar to the Cinderella theme. Alex, the main character of the play, wanted to go to the ball in honor of a movie star. After many difficulties, he was able to go to the ball in disguise, but he had to be home by twelve o'clock. The results of this evening's experiences made this play a complete comedy.

Senior Class Subjects

Physics, a subject taught by Mr. Bucks, is primarily a science that is associated with matter in general, especially with energy.

Business English is a new course offered at Cocalico Union High School. The purpose of the course is to develop a knowledge of the fundamentals of effective expressions and communication as they apply principally to business. It is taught by Mrs. Kilkuskie.

Problems of Democracy, taught by Mr. Martzall, deals with vital, live problems which confront us now or will in the future.

Business Machines is a one semester course offered to senior commercial students during the second semester. They receive instruction and practice on several types of adding machines and calculators and the dictaphone. They develop their skill on the electric typewriters and become more proficient in typing special business forms and reports. It is taught by Miss Rentschler.

May 10 was the big night for the juniors and seniors. The junior class presented the annual prom, using "Cinderella's Ball" as the theme. The Harry Bart Trio furnished music for the occasion, and sophomores served as waiters and waitresses. One of the highlights of the evening was the crowning of the king and queen from the senior class. Ray Sweigart and Joanne Youndt were selected as king and queen. Attendants were Barbara Fritz, Madeline Henly, Fred Glass, and Rodney Bear.

Cinderella's

Ball

Following the prom, there was a post-prom party at the Ephrata Legion Ballroom. Entertainment at "Club Calico" was provided by Frank DiNunzio and his combo. Dancing, floor shows, and a Smorgasbord were featured, and "Wishing Well" was the theme. The affair was sponsored by the Denver Women's Club, Adamstown Junior Women's Club, and Denver, Adamstown and East Cocalico Lions Clubs.

Class

The ten junior boys in Mr. Hill's industrial arts class have been working with bench metal, plastics, and art metal. Much of their time, however, has been spent in printing such things as sports schedules, tickets for various affairs, and programs for the junior and senior play.

During their junior year, typing students, under the direction of Miss Rentschler and Mrs. Kilkuskie, are kept busy learning the fundamentals of typing, practicing to increase their speed and accuracy, and typing simple business forms and tabulation.

Twenty-two junior chemistry students taught by Mr. Bucks are very fortunate in being the first to use the new lab. The course is designed to give the student a knowledge of chemistry adequate

Spanish, taught by Mr. Peters, was taken by seventeen Juniors. To enlarge students' appreciation of Spanish-speaking people, films and film strips of Latin America were shown, and the group participated in a language assembly.

Subjects

Junior English, taught by Miss Edith E. Strohl, was taken by all seventy-two juniors. Included in the course were American Literature, and speech improvement through the use of a tape recorder.

Driver Training, taught by Mr. Rupp, was taken by forty-one students. The course involved discussions, showing films and learning to operate the instruction car. The course developed a better attitude toward pedestrians, respect for fellow drivers, self discipline, self protection, and social and safety consciousness.

A three act Comedy, "*For the Love of Pete*," by Tom Erhard, was presented by the juniors on February ninth. The story takes place in the Student Council Room of Union High School. Pete, a bookworm, gets himself into all sorts of trouble when Sally Ann, a popular stuck-up girl, makes him a suspect for having made counterfeit tickets. His girl friend, Pauline, and the kind teacher, Miss Collins, seem to be his only friends. Scoop, the news-hound, falls for the swanky Eugenia, a new-comer to the school. With the help of Spider, the football hero, leads a merry chase to solve the mystery.

class advisor, Mr. Hoffmaster. Throughout the year various reports were given, projects were made, things were collected, animals were dissected and drawings were made by every student.

American History is taught by Mr. Albrecht, one of the sophomore homeroom teachers. All sophomore students are required to take this subject. We emphasized the study of the constitution as well as United States history from its beginning to present times.

Mr. Hill teaches industrial arts to thirteen of our sophomore boys. This is an elected subject for boys only. During one week they have six periods of shop and two periods of mechanical drawing. Throughout the year they worked on printing, sheet metal, art metal, and plastics. They also toured the Richard Hudnut Plant.

The Sophomore Highlights

February twenty-second was the date decided upon by the Student Council for the sophomore dance. This was a dance through which the Sophomores again increased their savings. Their dance was attended by students in grades seven through twelve.

The Sophomores chose their class colors, a custom at Cocalico Union, in the beginning of the school term. Their jackets and hats were then ordered and received early in December. The colors selected this year were gray and white.

Soup sales proved to be very profitable to the Sophomore Class. Six sales were held throughout the year. Various butcher shops were rented by the class for the purpose of preparing the soup. Everyone enjoyed preparing and delivering the soup. Mr. Hoffmaster put in a great deal of his spare and valuable time in order to help the class have successful soup sales.

Student Council

The student council is the student governing body at Cocalico Union High School. It is composed of members from the student body. There are six representatives from the Junior High School: a boy and a girl from each of grades seven, eight, and nine. From tenth grade come three representatives. Eleventh grade also has three representatives and twelfth grade has four.

The Council meets every two weeks in the Activities Room. At this time the representatives discuss the helpful suggestions which classmates have made and try to put the useful and worthwhile ones in effect.

This year Student Council has sponsored a Sir Valentine Contest, monitor system, Youth Day, student council election, a suggestion box, and Field Day.

Field Day is one of the most important activities for which Student Council is entirely responsible. It is a day set aside each spring for the purpose of field and track events. On this day each homeroom participates in various events, such as, relay races, broad jumping, and baseball distance throw. Each winner is given a ribbon as a memorandum of the event. The system is set up on a point basis, and banners are presented to the Junior and Senior homerooms which have earned the most points.

The Student Council is a group that has set up many improvements for the school. Their advisor is Harold Wentzel.

Eagle Staff

The second volume of the "Cocalico Eagle" was published this year. Six issues of the newspaper were printed of which four were published by the 1956-1957 staff and the other two by the tentative 1957-1958 staff.

During the year Miss Strohl, the advisor of the newspaper, took a group of the staff members to the twenty-fifth convention of the Pennsylvania School Press Association at Haverford Township Senior High School. The Junior and Senior members of the staff went on a field trip. They visited the Ephrata Review printing office, the Lancaster New Era, and the new WGAL studio.

Ko-Ka-Le-Ko Staff

The Ko-Ka-Le-Ko Staff once again this year worked very hard to complete their yearbook. Rushing to meet their deadlines, the editors read write-ups and re-arranged pictures many times. The photography staff was kept busy taking informal pictures of teachers, class officers, and assembly programs, as well as arranging for Mr. Martin to take class and club pictures.

The staff is comprised of approximately twenty-five members, three of whom are juniors and two are sophomores. They all sincerely hope that you will appreciate their efforts and hard work.

The staff this year got a head start by meeting frequently throughout the summer. This year we are also having a new feature. The yearbook is covering the entire school year; this will include this year's Junior Prom, the baccalaureate service, commencement, and pictures of the seniors' trip to Washington, D.C.

The Hi-Y is a Club affiliated with the Lancaster Y.M.C.A. The club has a membership of thirty-one boys from the sophomore, junior and senior classes. Throughout the year the club sponsored a doggie roast, Variety Show, and a Sample Fair, which are held annually. They also went as a group to see a hockey game and a baseball game. The club also helped finance the building of a ticket file and a chart to aid in the sale of reserved seat tickets.

The club, along with the other Y Clubs in the school, prepared and presented an Easter assembly program.

The Club is guided by Mr. Lester Hoffmaster.

Hi-Y

Tri-Hi-Y

Tri-Hi-Y stands for the threefold purpose of the Y.M.C.A. (Tri); exemplified by high school (Hi); affiliated with the Y.M.C.A. (Y). It is based on Christian principles and is made up of eleventh and twelfth grade girls. Under the leadership of Miss Rentschler, the girls have fulfilled their objectives (to seek, to find, to share) by seeking good Christian character, by using it to the best of their ability, and by sharing it with others. The members have served as nurses' aides in the Ephrata Hospital, made and sold candy, and helped less fortunate people.

Under the supervision of Mr. Drumm, a group of about thirty-two boys met every two weeks in order to develop their agricultural leadership, co-operation, and citizenship. Their aims were to encourage and practice thrift, to participate in worthy undertakings for the improvement of agriculture, to create and nurture a love of country life, and to strengthen the confidence of farm boys and young men in themselves and in their work.

The boys made an animal shelter, packaged and sold seeds to farmers and gardeners in the community, and became 1957 FFA basketball champions for Lancaster County.

Under the direction of Mrs. Wise, a group of about twenty girls met every two weeks to learn more about homemaking. These girls made their clothes and some even designed their own clothes.

Some of their projects included selling letters to iron on clothing and making and selling corsages for Christmas.

Toward the end of the school year, the girls held a fashion show during an assembly program. In the show, the girls modeled the clothing they made during the year.

Theater Arts

There were twenty-one members in this club. Under the direction of Miss Neidhart and Mr. Hill they made scenery when they met.

The scenery for both the Junior play and the Senior play was made by this club. They operated the lights for all the assembly programs and also other special programs such as our band concerts, chorus concert, variety show, and the plays. The make-up on the actors in both Junior and Senior plays was put on by these members.

Home Decorating

Our aim is to help the development of thinking that goes into producing better environment in which to live. We concern ourselves with the planning of home decoration, not the "doing."

The club membership is seventeen. During the school term, with meetings twice a month, the group worked on room planning, color schemes and styles of decor.

As a club project the members of the club made centerpieces for table decorations at holidays.

The interesting aspect of the club was field trips to stores and plants offering information in the area of home decoration.

Mr. Bucks, B. Shober, V. Oberholzer, L. Kosmela, C. Hoffmaster, G. Albright, L. Leshner, W. Pierce, R. Jones, G. Beard, J. Martin, R. Windish, and F. Bender.

Science

This club consisted of sixteen students who met under the supervision of Mr. Bucks. The meetings were held in the chemistry room.

The purpose of the club was to acquaint the members with subjects in science which were not taught in the regular high school courses. During the meeting periods, the students gave demonstrations on developing and printing pictures, camera usage, rubber balloon manufacture, new methods of dyeing cloth samples, glass and its uses, and salt products and refining.

Ornithology

The Ornithology Club, under the direction of Mr. Kemper, has eighteen members. The purpose of the club is to develop the pupil's interest in going outdoors.

On nice days, they take field trips. They go out in the country and try to identify different types of birds. They also look at and try to identify the different types of birds' nests.

At their meetings, they sometimes have slides of birds. They have also had Milton Steffy, Jr. as a speaker.

F. N. A.

Under the direction of Mrs. Hulshizer, the school nurse, this club was very active in aiding people whenever possible.

Some of the girls helped the school nurse and doctors with the polio shots by writing reports and keeping health records.

At their meetings they made "check-pos" which consisted of a pencil, eraser, ruler, and other school supplies. These "check-pos" were sent to Hungary.

At some of their meetings they had speakers who were registered nurses. Two of these speakers were Mrs. Levenson and Mrs. Chambers.

Their projects consisted of a bake sale and aiding in the March of Dimes and T.B. drives. They also toured the Lancaster General Hospital.

Chef's Club

Under the supervision of Mrs. Graham, a group of sixteen boys experimented in the art of cooking. The meetings were held in the Home Economics room. Each boy was required to purchase a full white apron in order to be a member of the group.

The boys practiced preparing food and also serving it, but the big feature of each meeting was that they got a chance to eat what they cooked. When they were finished eating, the boys had to wash the dishes and clean up the room. The boys were also taught how to help at home with service of foods if needed.

Gymnastics

This club consisted of fifteen boys. They met every two weeks in the gymnasium under the direction of Mr. Schaeffer.

The purpose of the club was to develop skills in gymnastics and improve the boys' gymnastic ability. The boys were taught to do flips from the springboard and to build pyramids.

Library Club

There are seven members in the Senior Library Club. The club meets at the convenience of the girls or, on special occasions, in jointure with the Junior Library Club.

The purpose of the club is to teach the girls more about the library as a profession; to enjoy books for their educational value; to teach the methods of care, arranging, cataloguing, and classification of books; and to assist the librarian in the operation of the school library. The girls give up at least one free period a week to assist Miss Rathje in the library.

Junior Classical League

The Junior Classical League is an organization for Latin students.

In February, the club participated in a "language" assembly program by presenting a musical skit entitled, "Pyramus and Thisbe." The group also sang the popular song, "Learnin' My Latin" and a Latin version of "Old MacDonald."

On March 30, a group attended the State J.C.L. Convention at Big Spring High School, Newville.

In April, the club held a Roman banquet. Everyone came dressed as a Roman, and the sophomores reclined to eat while the freshman "slaves" waited on them.

Dance Band

This year the concert band consisted of about fifty-five members. Under the direction of Mr. Sweigart, they presented a concert on April 13, 1957.

The marching band was also directed by Mr. Sweigart. They marched in parades at Ephrata, New Holland, Reinholds, Adamstown, Lancaster and Denver. The band also presented drills at football games, either before the game or at half-time. A special feature of the band was the marching unit.

The Dance Band, directed by Mr. Schneiderhan, was composed of seventeen members. They played for many dances, assembly programs, and also the Junior and Senior play.

Chorus

The chorus, under the direction of Mr. William Gates, consisted of eighty-five members. Although they wasted much time they worked very hard on the songs for baccalaureate, commencement, and their concert. They presented their concert on May 3, 1957. The program, divided into three parts, included religious, calypso, and folk songs. Caroline Davidson, Gladys Albright, and Fay Weik, as accompanists, helped to make this a very interesting year.

Football

This year we had a team of which we could be especially proud. The boys won their first game on September 29 when they played against West Reading. The score of the game was 14-13. The football used in that game was presented to Mr. Krick in an assembly program. It is now on display in one of our showcases.

Coaches Rampulla and Albrecht have worked very hard with the boys for a long period of time and have been well rewarded for their work.

Even though football is a relatively new sport, the boys have displayed progress. The coaches hope to have many more boys try-out for the team.

Varsity

The varsity consists of the older and better players under Mr. Schaeffer's superb coaching. The boys have put much effort into playing their game.

The team is registered in Section 2 of the County League. They play other schools which we rival in other sports.

The student body has given our team very good support this season. This is a big factor in the team's success.

The Jr. Varsity team consists of boys from tenth and eleventh grades. The boys give up much of their time for practice. Coach Albrecht does a very good job of training these boys in this sport. We are looking forward to seeing these boys on the varsity team in years to come. The boys have won eight out of twenty-one games.

The Jr. High basketball team consists of boys from seventh, eighth, and ninth grades. Coach Reber has given much time to work with these boys in order to help them develop their bodies and also to help them learn how the game is played. The boys have displayed great ability to play the game. Out of fifteen games, they have won nine.

Seniors

Cocalico Union began its successful season in March with daily practice sessions. These sessions were not in vain. This year's team completed its schedule undefeated for the first time in the history of baseball at C.U. The Eagles won the "Section Two" trophy for C.U. and entered the playoffs for county champion. On May 28 the Eagles traveled to the Ephrata War Memorial Field to play Pequea Valley in the county playoffs. There C.U. suffered its first defeat, losing to Pequea Valley in the last inning with a score of 6 to 5. We hope our team will be able to continue its success next year.
